Wherever a space is marked off on any street for the parking of an individual vehicle, every vehicle parked there shall be parked wholly within the lines bounding that space, and it shall be a violation of this article for any person to park a vehicle or allow it to remain parked otherwise.

- (1) Certain residential areas in the Township are subjected to commuter vehicle parking, therefore depriving the residents of those areas of spaces in which to park their own vehicles;
  - (2) Those residential streets are also subjected to a high degree of commuter traffic which substantially reduces the quality of the ambient air level.
  - (3) The establishment of a parking permit program for certain affected areas should facilitate efficient movement of traffic by providing for parking preference during certain hours of the day and days of the week. Therefore, the Township considers it to be in the interest of the people of the Township to provide for the establishment of a residential permit parking program to insure primary access to available parking spaces by neighborhood residents and also to provide a cleaner ambient air level.
- B. Definitions. For the purpose of this section, words and terms listed in this subsection, as follows, shall have the following meanings:
- COMMUTER VEHICLE** — A motor vehicle parked in a residential area by a person not a resident of that residential area;
- PROPRIETOR** — A person who owns or leases real estate within a residential area of which he is not a resident, but who owns or manages a business enterprise or professional office maintained at that address. For the purpose of this section, a proprietor shall be entitled to one parking permit for that business or professional office address;
- RESIDENT** — A person who owns or leases real property within a residential area and who maintains either a voting residence or bona fide occupancy, or both, at that address;
- RESIDENTIAL AREA** — A contiguous area containing public highways or parts of public highways primarily abutted by residential property or residential and nonbusiness property (such as schools, parks, places of worship, hospitals and nursing homes).
- C. Criteria. The residential areas designated in Subsection D of this section are those deemed impacted and hence eligible for residential parking on the basis of the following criteria:
- (1) During any period between the hours of 7:00 a.m. and 6:30 p.m., Monday through Saturday, except legal holidays, the number of vehicles parked (or standing), legally or illegally, on the streets in the area is equal to 70% or more of the legal, on-street parking capacity of the area. For the purpose of this criterion, a legal parking space shall be 20 linear feet.
  - (2) During the same period as specified in Subsection C(2) above, 10% or more of the vehicles parked (or standing) on the streets in the area are not registered in the name of a person residing in the area. For the purpose of this criterion, the latest available information from the Pennsylvania Department of Transportation regarding registration of motor vehicles shall be used.

The permit shall display the serial and registration numbers of the motor vehicles, the residential parking area number, and the expiration date. The permit shall be renewable annually before the expiration date, upon making application for renewal and payment of the permit fee. It shall be unlawful and a violation of this section for any person to display other than the current and valid permit while standing or parking in a residential permit parking area at any time when those permits are to be displayed.
- G. Temporary and exemption parking permits. Temporary parking permits may be issued by the Chief of Police, upon payment of a fee in an amount as established by resolution of the Board of Supervisors, to bona fide visitors of residents of a designated residential permit parking area, and exemption parking permits may be issued, without payment of a fee, to handicapped persons.
- H. Responsibility of permit holder.
- (1) Notwithstanding any provision of this section to the contrary, the holder of a residential parking permit shall be permitted to stand or park a motor vehicle operated by him in any designated residential parking area during those times when parking of motor vehicles is permitted in that area. While a vehicle for which a residential parking permit has been issued is so parked, that permit shall be displayed so as to be clearly visible through the windshield of the vehicle. A residential parking permit shall not guarantee or reserve to the holder a parking space within a designated residential permit parking area.
  - (2) A residential parking permit shall not authorize its holder to stand or park a motor vehicle in any place where or at any time when stopping, standing or parking of motor vehicles is prohibited or set aside for other specified types of vehicles, nor shall the permit exempt its holder from the observance of any traffic or parking regulation other than residential permit parking regulation or restriction.
  - (3) No person other than the permit holder whose name appears on the permit shall use a residential parking permit or display it on a vehicle operated; any such use or display by a person other than the permit holder shall constitute a violation of this section by the permit holder and by the person who so used or displayed the parking permit.
  - (4) It shall constitute a violation of this section for any person falsely to represent himself as eligible for a residential parking permit or to furnish false information in an application to the Chief of Police in order to obtain a residential parking permit.
- I. Revocation of permits. The Chief of Police shall have authority to revoke the residential parking permit of any permit holder found to be in violation of any provision of this section. Each parking meter shall be placed or set so as to show that the parking space adjacent to that meter is or is not legally occupied. Each parking meter installed shall indicate by a proper legend the legal parking time established by the Township and when the adjacent space is occupied by a vehicle, the parking meter shall indicate on and by its dial and pointer the duration of the period of legal parking, and, on the expiration of that period, shall indicate illegal parking or overparking.

**§ 15-46. Parked vehicles to be wholly within marked spaces.**

Lines and/or markings shall be painted or placed upon the curb, sidewalk or roadway adjacent to each parking meter for the purpose of delineating the parking space for which that meter shall be used. Every vehicle parked at any parking meter shall be parked wholly within the lines or markings so placed and applicable to that meter. It shall be unlawful and a violation of this chapter for any person to park a vehicle across any such line or marking, or to park a vehicle in such a position that that vehicle is not wholly within the area designated by those lines or markings.

**§ 15-47. Coin deposit in meter; overtime parking unlawful.**

Whenever a vehicle is to be parked in any space adjacent to a parking meter, at any time in the period of limited parking as prescribed by § 15-44 of this article, the driver of the vehicle, upon entering the parking space, shall immediately deposit, or cause to be deposited, in that parking meter, one or more proper coins of the United States of America as specified in the legend on the parking meter. If any vehicle shall remain in any such parking space for any length of time that the meter shall indicate by proper signal that the lawful parking time has expired, that vehicle shall be considered as having been parked overtime, and the parking of a vehicle overtime shall be a violation of this article.

**§ 15-48. Unlawful to deposit substitute for coin in meter.**

It shall be unlawful for any person to deposit in any parking meter installed under the provisions of this article any slug or other substitute for a coin of the United States of America.

- B. The Township shall have authority to establish no parking or special-purpose parking zones within any parking meter zone, and to remove parking meters from those areas as previously installed there, and the provisions of this chapter shall not apply in those areas where no-parking or special-purpose parking is in effect.
